- Excellent Remuneration and conditions

Position Description:

Zoya homecare is a locally owned and operated doctor service focusing on primary patient care through the ethos “prevention is better than cure”. We help reduce the burden on hospitals, ambulance services other service providers in the community. The service allows patients access affordable care at home, office or at residential age care facilities. We provide continuity of care.

As a Doctor you will review and treat the patient and complete the required paper work. We provide you with a well-stocked doctors bag that contains a range of commonly used medications, instruments and dressings. After each consultation, you complete clinical notes using the health information system. You may be required to perform minor procedures within your expected expertise.

Location:

We have opportunities in Nairobi and Malindi.

Documents needed:

- CV
- Applicant must be registered with Kenya Medical Practitioners and Dentist Board
- Valid Practice license
- Updated retention license
- Private practice license
- Professional Indemnity insurance (we can help set this up)
